

Estate Maintenance Assistant

Hours: 8.00am to 5.00pm

Salary: Depending on Experience

Closing Date: Friday 14th June

Jupiter Artland is a unique, award winning sculpture garden situated 12 miles West of Edinburgh, housing a private art collection and as a registered charity, committed to nurturing the work of outstanding contemporary artists through a series of exhibitions and permanent site specific commissions. The Parkland is open to the public throughout the summer and is set amidst the impressive gardens and grounds of the owner's family home.

All this infrastructure and associated buildings require a great deal of repair and maintenance. To uphold the high standards expected in all aspects of the business the existing Maintenance Manager now requires assistance.

Main duties and Responsibilities

- To assist the maintenance manager and garden team in all aspects of property maintenance.
- To repair and maintain buildings, artwork, facilities and machinery alike.
- In the growing season to assist with grass cutting of the main house lawns
- To be a flexible and willing member of the team to lend a hand in almost any situation when needed.

The ideal candidate would:

To have a natural and practical ability with a wide range of DIY type skills. To be good on the tools and to have an interest in same.

Have a common sense approach to practical solutions

Be willing and able to try their hand at most things, whilst knowing their limits

To have a committed approach to work, to be punctual, reliable, honest and hardworking.

To have that can do attitude to solve problems and a willingness to be very flexible to work schedules as the needs of the business demand on a daily basis.

To be prepared to work long hours at busy times to get the job done

To be flexible to work weekends when required by the business schedule.

To be someone who can be relied upon to work effectively on their own.

The role would appeal to someone who is sociable and willing to be part of the grounds and maintenance team and to take part in activities and events throughout the season as required

Experience

Someone who has experience in woodwork/ joinery, painting, perhaps basic electrical work and a practical knowledge of machinery will thrive in this role.

This is an apprentice level role and would appeal to someone looking to gain a large variety of experience in this working environment.

To apply please send a covering letter and CV to Diarmid@jupiterartland.org.
