

JUPITER+PERTH

"Exciting use of empty retail space. Hugely thought provoking and powerful - especially for young people. Would love to see more of this."

"This pulled my interest just from the sign on the store. Creepy vibes but absolutely mint."

**- Ross McGurn
(Student)**

"While shopping in Perth I was delighted to stumble upon this horrible shop. The colours, the sound, the lighting, everything about it was wonderfully dreadful. Well done."
