

# JUPITER+ Ayrshire

Book your free learning visit  
to Rachel Maclean's new  
artwork in Ayr Town Centre

# JUPITER+ is a new art programme by Jupiter Artland that will see world class artwork brought across Scotland coming to Ayrshire this September.

One of the most influential artists of her generation, Scottish artist Rachel Maclean is the first artist in this programme. She is creating a remarkable space that will take over a retail unit in Ayr Town Centre.

We are inviting students, high school groups & colleges to explore the work and take part in our Free Learning Programme. Each Free Learning Visit starts with a guided tour through Rachel Maclean's artwork and is followed by a creative workshop facilitated by our JUPITER+ Learning Team and it's all for free.
